Dreyfus New York Municipal Money Market Fund

ANNUAL REPORT

November 30, 2023

IMPORTANT NOTICE – UPCOMING CHANGES TO ANNUAL AND SEMI-ANNUAL REPORTS

The Securities and Exchange Commission (the “SEC”) has adopted rule and form amendments that will result in changes to the design and delivery of annual and semi-annual fund reports (“Reports”). Beginning in July 2024, Reports will be streamlined to highlight key information. Certain information currently included in Reports, including financial statements, will no longer appear in the Reports but will be available online, delivered free of charge to shareholders upon request, and filed with the SEC.

If you previously elected to receive the fund’s Reports electronically, you will continue to do so. Otherwise, you will receive paper copies of the fund’s re-designed Reports by USPS mail in the future. If you would like to receive the fund’s Reports (and/or other communications) electronically instead of by mail, please contact your financial advisor or, if you are a direct investor, please log into your mutual fund account at www.bnymellonim.com/us and select “E-Delivery” under the Profile page. You must be registered for online account access before you can enroll in E-Delivery.

Save time. Save paper. View your next shareholder report online as soon as it’s available. Log into www.im.bnymellon.com and sign up for eCommunications. It’s simple and only takes a few minutes.

The views expressed in this report reflect those of the portfolio manager(s) only through the end of the period covered and do not necessarily represent the views of BNY Mellon Investment Adviser, Inc. or any other person in the BNY Mellon Investment Adviser, Inc. organization. Any such views are subject to change at any time based upon market or other conditions and BNY Mellon Investment Adviser, Inc. disclaims any responsibility to update such views. These views may not be relied on as investment advice and, because investment decisions for a fund in the BNY Mellon Family of Funds are based on numerous factors, may not be relied on as an indication of trading intent on behalf of any fund in the BNY Mellon Family of Funds.

Back Cover

UNDERSTANDING YOUR FUND'S EXPENSES (Unaudited)

As a mutual fund investor, you pay ongoing expenses, such as management fees and other expenses. Using the information below, you can estimate how these expenses affect your investment and compare them with the expenses of other funds. You also may pay one-time transaction expenses, including sales charges (loads) and redemption fees, which are not shown in this section and would have resulted in higher total expenses. For more information, see your fund's prospectus or talk to your financial adviser.

Review your fund's expenses

The table below shows the expenses you would have paid on a \$1,000 investment in Dreyfus New York Municipal Money Market Fund from June 1, 2023 to November 30, 2023. It also shows how much a \$1,000 investment would be worth at the close of the period, assuming actual returns and expenses.

Expenses and Value of a \$1,000 Investment

Assume actual returns for the six months ended November 30, 2023

	Wealth Shares	Service Shares	Premier Shares
Expenses paid per \$1,000 [†]	\$2.88	\$4.44	\$1.57
Ending value (after expenses)	\$1,015.00	\$1,013.20	\$1,016.50

COMPARING YOUR FUND'S EXPENSES WITH THOSE OF OTHER FUNDS (Unaudited)

Using the SEC's method to compare expenses

The Securities and Exchange Commission ("SEC") has established guidelines to help investors assess fund expenses. Per these guidelines, the table below shows your fund's expenses based on a \$1,000 investment, assuming a hypothetical 5% annualized return. You can use this information to compare the ongoing expenses (but not transaction expenses or total cost) of investing in the fund with those of other funds. All mutual fund shareholder reports will provide this information to help you make this comparison. Please note that you cannot use this information to estimate your actual ending account balance and expenses paid during the period.

Expenses and Value of a \$1,000 Investment

Assuming a hypothetical 5% annualized return for the six months ended November 30, 2023

	Wealth Shares	Service Shares	Premier Shares
Expenses paid per \$1,000 [†]	\$2.89	\$4.46	\$1.57
Ending value (after expenses)	\$1,022.21	\$1,020.66	\$1,023.51

[†] Expenses are equal to the fund's annualized expense ratio of .57% for Wealth Shares, .88% for Service Shares and .31% for Premier Shares, multiplied by the average account value over the period, multiplied by 183/365 (to reflect the one-half year period).

Total Investments (cost \$142,432,655)			100.7%	142,432,655
Liabilities, Less Cash and Receivables			(0.7%)	(1,032,366)
Net Assets			100.0%	141,400,289

^a The Variable Rate is determined by the Remarketing Agent in its sole discretion based on prevailing market conditions and may, but need not, be established by reference to one or more financial indices.

^b Security exempt from registration pursuant to Rule 144A under the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers. At November 30, 2023, these securities amounted to \$34,785,000 or 24.6% of net assets.

^c The fund does not directly own the municipal security indicated; the fund owns an interest in a special purpose entity that, in turn, owns the underlying municipal security. The special purpose entity permits the fund to own interests in underlying assets, but in a manner structured to provide certain advantages not inherent in the underlying bonds (e.g., enhanced liquidity, yields linked to short-term rates). These securities are not an underlying piece for any of the Adviser long-term Inverse floater securities.

^d Variable rate security—interest rate resets periodically and rate shown is the interest rate in effect at period end. Security description also includes the reference rate and spread if published and available.

Portfolio Summary (Unaudited) †	Value (%)
Multifamily Housing	26.8

FINANCIAL HIGHLIGHTS

The following tables describe the performance for each share class for the fiscal periods indicated. All information reflects financial results for a single fund share. Net asset value total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period, and redemption at net asset value on the last day of the period. Net asset value total return includes adjustments in accordance with accounting principles generally accepted in the United States of America and as such, the net asset value for financial reporting purposes and the returns based upon those net asset values may differ from the net asset value and returns for shareholder transactions. These figures have been derived from the fund's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 1—Significant Accounting Policies:

Dreyfus New York Municipal Money Market Fund (the “fund”) is the sole series of General New York Municipal Money Market Fund (the “Trust”), which is registered under the Investment Company Act of 1940, as amended (the “Act”), as a diversified open-end management investment company. The fund’s investment objective is to seek to maximize current income exempt from federal, New York state and New York city income taxes, to the extent consistent with the preservation of capital and the maintenance of liquidity. BNY Mellon Investment Adviser, Inc. (the “Adviser”), a wholly-owned subsidiary of The Bank of New York Mellon Corporation (“BNY Mellon”), serves as the fund’s investment adviser.

Effective September 1, 2023, the Adviser has engaged its affiliate, Dreyfus (the “Sub-Adviser”), to serve as the funds’ sub-investment adviser. Dreyfus is a division of Mellon Investments Corporation, a registered investment adviser and an indirect wholly-owned subsidiary of BNY Mellon, with its principal office located at One Boston Place, 15th Floor, Boston, MA 02108.

BNY Mellon Securities Corporation (the “Distributor”), a wholly-owned subsidiary of the Adviser, is the distributor of the fund’s shares, which are sold without a sales charge. The fund is authorized to issue an unlimited number of \$.001 par value shares of Beneficial Interest in each of the following classes of shares: Wealth, Service and Premier. Wealth, Service and Premier shares are identical except for the services offered to and the expenses borne by each class, the allocation of certain transfer agency costs and certain voting rights. Wealth, Service and Premier shares are subject to Shareholder Services Plans. Service shares is subject to Administrative Services Plan. Income, expenses (other than expenses attributable to a specific class), and realized and unrealized gains or losses on investments are allocated to each class of shares based on its relative net assets.

The fund operates as a “retail money market fund” as that term is defined in Rule 2a-7 under the Act (a “Retail Fund”). It is the fund’s policy to maintain a constant net asset value (“NAV”) per share of \$1.00, and the fund has adopted certain investment, portfolio valuation and dividend and distribution policies to enable it to do so. There is no assurance, however, that the fund will be able to maintain a constant NAV per share of \$1.00.

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) is the exclusive reference of authoritative U.S. generally accepted accounting principles (“GAAP”) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the SEC under authority of federal laws are also sources of

authoritative GAAP for SEC registrants. The fund is an investment company and applies the accounting and reporting guidance of the FASB ASC Topic 946 Financial Services-Investment Companies. The fund's financial statements are prepared in accordance with GAAP, which may require the use of management estimates and assumptions. Actual results could differ from those estimates.

The Trust enters into contracts that contain a variety of indemnifications. The fund's maximum exposure under these arrangements is unknown. The fund does not anticipate recognizing any loss related to these arrangements.

(a) Portfolio valuation: Investments in securities are valued at amortized cost in accordance with Rule 2a-7 under the Act. If amortized cost is determined not to approximate fair market value, the fair value of the portfolio securities will be determined by procedures established by and under the general oversight of the Trust's Board of Trustees (the "Board") pursuant to Rule 2a-5 under the Act.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). GAAP establishes a fair value hierarchy that prioritizes the inputs of valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Additionally, GAAP provides guidance on determining whether the volume and activity in a market has decreased significantly and whether such a decrease in activity results in transactions that are not orderly. GAAP requires enhanced disclosures around valuation inputs and techniques used during annual and interim periods.

Various inputs are used in determining the value of the fund's investments relating to fair value measurements. These inputs are summarized in the three broad levels listed below:

Level 1—unadjusted quoted prices in active markets for identical investments.

Level 2—other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).

Level 3—significant unobservable inputs (including the fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, money market securities are valued using amortized cost, in accordance with rules under the Act. Generally, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities are reflected within Level 2 of the fair value hierarchy.

The following is a summary of the inputs used as of November 30, 2023 in valuing the fund's investments:

	Level 1- Unadjusted Quoted Prices	Level 2- Other Significant Observable Inputs	Level 3- Significant Unobservable Inputs	Total
Assets (\$)				
Investments in Securities:†				
Short-Term				
Investments	-	142,432,655	-	142,432,655

† See *Statement of Investments for additional detailed categorizations, if any.*

(b) Securities transactions and investment income: Securities transactions are recorded on a trade date basis. Interest income, adjusted for accretion of discount and amortization of premium on investments, is earned from settlement date and is recognized on the accrual basis. Realized gains and losses from securities transactions are recorded on the identified cost basis.

The fund follows an investment policy of investing primarily in municipal obligations of one state. Economic changes affecting the state and certain of its public bodies and municipalities may affect the ability of issuers within the state to pay interest on, or repay principal of, municipal obligations held by the fund.

(c) Market Risk: The value of the securities in which the fund invests may be affected by political, regulatory, economic and social developments, and developments that impact specific economic sectors, industries or segments of the market. In addition, turbulence in financial markets and reduced liquidity in equity, credit and/or fixed-income markets may negatively affect many issuers, which could adversely affect the fund. Global economies and financial markets are becoming increasingly interconnected, and conditions and events in one country, region or financial market may adversely impact issuers in a different country, region or financial market. These risks may be magnified if certain events or developments adversely interrupt the global supply chain; in these and other circumstances, such risks might affect companies world-wide.

Municipal Securities Risk: Municipal securities may be fully or partially backed or enhanced by the taxing authority of a local government, by the current or anticipated revenues from a specific project or specific assets, or by the credit of, or liquidity enhancement provided by, a private issuer. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or each relevant fund's ability to maintain a stable net asset value.

(d) Dividends and distributions to shareholders: It is the policy of the fund to declare dividends daily from net investment income. Such dividends are paid monthly. Dividends from net realized capital gains, if any, are normally declared and paid annually, but the fund may make distributions on a more frequent basis to comply with the distribution requirements of the Internal Revenue Code of 1986, as amended (the "Code"). To the extent that net realized capital gains can be offset by capital loss carryovers, it is the policy of the fund not to distribute such gains.

(e) Federal income taxes: It is the policy of the fund to continue to qualify as a regulated investment company, which can distribute tax-exempt dividends, by complying with the applicable provisions of the Code, and to make distributions of income and net realized capital gain sufficient to relieve it from substantially all federal income and excise taxes.

As of and during the period ended November 30, 2023, the fund did not have any liabilities for any uncertain tax positions. The fund recognizes interest and penalties, if any, related to uncertain tax positions as income tax expense in the Statement of Operations. During the period ended November 30, 2023, the fund did not incur any interest or penalties.

Each tax year in the four-year period ended November 30, 2023 remains subject to examination by the Internal Revenue Service and state taxing authorities.

At November 30, 2023, the components of accumulated earnings on a tax basis were as follows: undistributed tax-exempt income \$31,182 and accumulated capital losses \$2.

The fund is permitted to carry forward capital losses for an unlimited period. Furthermore, capital loss carryovers retain their character as either short-term or long-term capital losses.

The accumulated capital loss carryover is available for federal income tax purposes to be applied against future net realized capital gains, if any, realized subsequent to November 30, 2023. The fund has \$2 of short-term capital losses which can be carried forward for an unlimited period.

The tax character of distributions paid to shareholders during the fiscal years ended November 30, 2023 and November 30, 2022 were as follows: tax-exempt income \$3,197,249 and \$532,752, and long-term capital gains \$0 and \$716, respectively.

At November 30, 2023, the cost of investments for federal income tax purposes was substantially the same as the cost for financial reporting purposes (see the Statement of Investments).

NOTE 2—Management Fee and Other Transactions with Affiliates:

(a) Pursuant to a management agreement (the “Agreement”) with the Adviser, the management fee is computed at the annual rate of .20% of the value of the fund’s average daily net assets and is payable monthly. The Agreement provides that if in any full fiscal year the aggregate expenses of the fund (excluding taxes, brokerage commissions and extraordinary expenses) exceed 1½% of the value of the fund’s average daily net assets, the fund may deduct from payments to be made to the Adviser, or the Adviser will bear, such excess expense. During the period ended November 30, 2023, there was no reduction in expenses pursuant to the Agreement.

The Adviser has contractually agreed, from December 1, 2022 through March 31, 2024, to waive receipt of its fees and/or assume the direct expenses of the fund’s Service shares so that the direct expenses of the fund’s Service shares (excluding taxes, brokerage commissions and extraordinary expenses) do not exceed 1.00% of the value of the Service shares’ average daily net assets. To the extent that it is necessary for the Adviser to waive receipt of its management fee or reimburse the fund’s common expenses, the amount of the waiver or reimbursement will be applied equally to each share class of the fund. On or after March 31, 2024, the Adviser may terminate the expense limitation agreement at any time.

In addition, the Adviser has contractually agreed, from December 1, 2022 through March 31, 2024, to waive receipt of its fees and/or assume the direct expenses of the fund so that the direct expenses of the fund’s Premier shares (excluding taxes, brokerage commissions and extraordinary expense) do not exceed .35% of the value of the Premier shares’ average daily net assets. To the extent that it is necessary for the Adviser to waive receipt of its management fee or reimburse the fund’s common expenses, the amount of the waiver or reimbursement will be applied equally to each share class of the fund. On or after March 31, 2024, the Adviser may terminate this expense limitation at any time. The reduction in expenses,

pursuant to the undertakings, amounted to \$93,952 during the period ended November 30, 2023.

The Adviser and the Distributor have undertaken that if, in any fiscal year of the fund, the “total charges against net assets to provide for sales related expenses and/or service fees” (calculated as provided for in FINRA Rule 2341 Section (d)) exceed .25% of the value of the Wealth shares’ average net assets for such fiscal year, the fund may deduct from the payments to be made to the Distributor, or the Adviser will bear, such excess expense. If said rule is amended in any material respect (e.g., to provide for a limit that exceeds .25%), this undertaking shall terminate automatically. During the period ended November 30, 2023, there was no reduction in expenses pursuant to the undertaking.

Effective September 1, 2023, pursuant to a sub-investment advisory agreement between the Adviser and the Sub-Adviser, the Adviser pays to the Sub-Adviser a monthly fee of 50% of the monthly management fee the Adviser receives from the fund with respect to value of the sub-advised net assets of the fund, net of any fee waivers and/or expense reimbursements made by the Adviser.

(b) Under the Reimbursement Shareholder Services Plan with respect to Premier shares (the “Reimbursement Shareholder Services Plan”), Premier shares reimburse the Distributor at an amount not to exceed an annual rate of .05% of the value of the average daily net assets of its shares for certain allocated expenses of providing certain services to the holders of Premier shares. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the fund, and services related to the maintenance of shareholder accounts. During the period ended November 30, 2023, Premier shares were charged \$855, pursuant to the Reimbursement Shareholder Services Plan.

Under the Compensation Shareholder Services Plans with respect to Wealth and Service shares (the “Compensation Shareholder Services Plans”), Wealth and Service shares pay the Distributor at an annual rate of .25% of the value of the average daily net assets of its shares for the provision of certain services. The services provided may include personal services relating to shareholder accounts, such as answering shareholder inquiries regarding the fund, and services related to the maintenance of shareholder accounts. The Distributor may make payments to Service Agents with respect to these services. The Distributor determines the amounts to be paid to Service Agents. During the period ended November 30, 2023, Wealth and Service shares were charged \$211,775 and \$29,015, respectively, pursuant to each of their respective Compensation Shareholder Services Plans.

(c) Under the Administrative Services Plan with respect to Service shares, pursuant to which the fund may pay the Distributor for the provision of certain recordkeeping and other related services (which are not services for which a “service fee” as defined under the Conduct Rules of FINRA is intended to compensate). Pursuant to the Administrative Services Plan, the fund will pay the Distributor a fee at an annual rate of .55% of the value of their average daily net assets attributable to the fund’s Service shares for the provision of such services, which include, at a minimum: mailing periodic reports, prospectuses and other fund communications to beneficial owners; client onboarding; anti-money laundering and related regulatory oversight; manual transaction processing; transmitting wires; withholding on dividends and distributions as may be required by state or Federal authorities from time to time; receiving, tabulating, and transmitting proxies executed by beneficial owners; fund statistical reporting; technical support; business continuity support; and blue sky support. During the period ended November 30, 2023, Service shares were charged \$63,832, pursuant to the Administrative Services Plan.

The fund has arrangements with BNY Mellon Transfer, Inc., (the “Transfer Agent”) and The Bank of New York Mellon (the “Custodian”), both a subsidiary of BNY Mellon and an affiliate of the Adviser, whereby the fund may receive earnings credits when positive cash balances are maintained, which are used to offset Transfer Agent and Custodian fees. For financial reporting purposes, the fund includes transfer agent net earnings credits, if any, and custody net earnings credits, if any, as an expense offset in the Statement of Operations.

The fund compensates the Transfer Agent, under a transfer agency agreement, for providing transfer agency and cash management services for the fund. The majority of Transfer Agent fees are comprised of amounts paid on a per account basis, while cash management fees are related to fund subscriptions and redemptions. During the period ended November 30, 2023, the fund was charged \$14,395 for transfer agency services. These fees are included in Shareholder servicing costs in the Statement of Operations. These fees were partially offset by earnings credits of \$11,843.

The fund compensates the Custodian, under a custody agreement, for providing custodial services for the fund. These fees are determined based on net assets, geographic region and transaction activity. During the period ended November 30, 2023, the fund was charged \$25,938 pursuant to the custody agreement. These fees were offset by earnings credits of \$25,938.

The fund compensates the Custodian, under a shareholder redemption draft processing agreement, for providing certain services related to the

fund's check writing privilege. During the period ended November 30, 2023, the fund was charged \$972 pursuant to the agreement, which is included in Shareholder servicing costs in the Statement of Operations.

During the period ended November 30, 2023, the fund was charged \$20,711 for services performed by the fund's Chief Compliance Officer and his staff. These fees are included in Chief Compliance Officer fees in the Statement of Operations.

The components of "Due to BNY Mellon Investment Adviser, Inc. and affiliates" in the Statement of Assets and Liabilities consist of: management fee of \$22,881, Administrative Services Plan fees of \$5,451, Shareholder Services Plans fees of \$23,087, Chief Compliance Officer fees of \$3,438 and Transfer Agent fees of \$3,531, which are offset against an expense reimbursement currently in effect in the amount of \$33,784.

(d) Each board member also serves as a board member of other funds in the BNY Mellon Family of Funds complex. Annual retainer fees and attendance fees are allocated to each fund based on net assets.

NOTE 3—Securities Transactions:

The fund is permitted to purchase or sell securities from or to certain affiliated funds under specified conditions outlined in procedures adopted by the Board. The procedures have been designed to ensure that any purchase or sale of securities by the fund from or to another fund or portfolio that are, or could be, considered an affiliate by virtue of having a common investment adviser (or affiliated investment adviser), common Trustees and/or common officers, complies with Rule 17a-7 under the Act. During the period ended November 30, 2023, the fund engaged in purchases and sales of securities pursuant to Rule 17a-7 under the Act amounting to \$11,200,000 and \$18,255,000 respectively.

NOTE 4—Subsequent Event:

On July 12, 2023, the SEC adopted amendments to rules that govern money market funds. The amendments include a mandatory liquidity fee for institutional prime and institutional tax-exempt money market funds, which will apply when a fund experiences daily net redemptions that exceed 5% of net assets. The amendments maintain a fund board's ability to impose liquidity fees (not to exceed 2% of the value of the shares redeemed) on a discretionary basis for non-government money market funds. The amendments also substantially increase the required minimum levels of daily and weekly liquid assets for all money market funds from 10% and 30%, to 25% and 50%, respectively. Further, the amendments remove a money market fund's ability to impose temporary "gates" to

suspend redemptions in order to prevent dilution and remove the link between a money market fund's liquidity level and its imposition of liquidity fees. The amendments became effective October 2, 2023 with tiered compliance dates. The removal of the link between liquidity levels and the imposition of liquidity fees, as well as the removal of a money market fund's ability to impose redemption gates, became effective on October 2, 2023. On April 2, 2024, money market funds will be required to comply with the increased daily and weekly liquid asset minimums, and non-government money market funds will be permitted to impose discretionary liquidity fees. On October 2, 2024, money market fund will be required to comply with the new mandatory liquidity fee framework.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Trustees of Dreyfus New York Municipal Money Market Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Dreyfus New York Municipal Money Market Fund (the “Fund”) (the sole fund constituting General New York Municipal Money Market Fund (the “Trust”)), including the statement of investments, as of November 30, 2023, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund (the sole fund constituting General New York Municipal Money Market Fund) at November 30, 2023, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Trust’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of the Trust’s internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Trust’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of November 30, 2023, by correspondence with the custodian, brokers and others; when replies were not received from brokers and others, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Ernst & Young LLP

We have served as the auditor of one or more investment companies in the BNY Mellon Family of Funds since at least 1957, but we are unable to determine the specific year.

New York, New York
January 22, 2024

IMPORTANT TAX INFORMATION (Unaudited)

In accordance with federal tax law, the fund hereby reports all the dividends paid from net investment income during its fiscal year ended November 30, 2023 as “exempt-interest dividends” (not subject to regular federal income tax, and for individuals who are New York residents, New York State and New York City personal income taxes). Where required by federal tax law rules, shareholders will receive notification of their portion of the fund’s exempt-interest dividends paid for the 2023 calendar year on Form 1099-DIV, which will be mailed in early 2024.

PROXY RESULTS (Unaudited)

A special meeting of the fund's shareholders was held on October 12, 2023. The proposal considered at the meeting and the results were as follows:

	Shares	
	For	Authority Withheld
To elect Board Members to hold office until their successors are duly elected and qualified [†]		
Francine J. Bovich	55,304,061	213,177
Michael D. DiLecce	55,388,070	129,168
Gina D. France	55,388,070	129,168
Joan L. Gulley	55,375,316	141,922
Robin A. Melvin	55,304,061	213,177

[†] Each Board Member's term commenced January 1, 2024

In addition, Joseph S. DiMartino, Peggy C. Davis and Nathan Leventhal continue as Board Members of the fund. Mses. Bovich and Melvin currently are Board Members of the fund, but have not been previously elected by shareholders.

INFORMATION ABOUT THE RENEWAL OF THE FUND'S MANAGEMENT AGREEMENT (Unaudited)

At a meeting of the fund's Board of Trustees held on July 24, 2023, the Board considered the renewal of the fund's Management Agreement pursuant to which the Adviser provides the fund with investment advisory and administrative services (the "Agreement"). The Board members, none of whom are "interested persons" (as defined in the Investment Company Act of 1940, as amended) of the fund, were assisted in their review by independent legal counsel and met with counsel in executive session separate from representatives of the Adviser. In considering the renewal of the Agreement, the Board considered several factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Board member may have attributed different weights to the factors considered. The new sub-investment advisory agreement, effective September 1, 2023, pursuant to which Dreyfus, a division of Mellon Investments Corporation, provides day-to-day management of the fund's investments, was approved at the May 17, 2023 Board meeting and was not considered during the annual review of the Agreement.

Analysis of Nature, Extent and Quality of Services Provided to the Fund. The Board considered information provided to it at the meeting and in previous presentations from representatives of the Adviser regarding the nature, extent and quality of the services provided to funds in the BNY Mellon fund complex, including the fund. The Adviser provided the number of open accounts in the fund, the fund's asset size and the allocation of fund assets among distribution channels. The Adviser also had previously provided information regarding the diverse intermediary relationships and distribution channels of funds in the BNY Mellon fund complex (such as retail direct or intermediary, in which intermediaries typically are paid by the fund and/or the Adviser) and the Adviser's corresponding need for broad, deep, and diverse resources to be able to provide ongoing shareholder services to each intermediary or distribution channel, as applicable to the fund.

The Board also considered research support available to, and portfolio management capabilities of, the fund's portfolio management personnel and that the Adviser also provides oversight of day-to-day fund operations, including fund accounting and administration and assistance in meeting legal and regulatory requirements. The Board also considered the Adviser's extensive administrative, accounting and compliance infrastructures.

Comparative Analysis of the Fund's Performance and Management Fee and Expense Ratio. The Board reviewed reports prepared by Broadridge Financial Solutions, Inc. ("Broadridge"), an independent provider of investment company data based on classifications provided by Thomson Reuters Lipper ("Lipper"), which included information comparing (1) the performance of the fund's Wealth shares with the performance of a group of retail no-load New York tax-exempt money market funds selected by Broadridge as comparable to the fund (the "Performance Group") and with a broader group of funds consisting of all retail and institutional New York tax-exempt money market funds (the "Performance Universe"), all for various periods ended May 31, 2023, and (2) the fund's actual and contractual management fees and total expenses

INFORMATION ABOUT THE RENEWAL OF THE FUND'S MANAGEMENT AGREEMENT (Unaudited) (continued)

with those of the same group of funds in the Performance Group (the "Expense Group") and with a broader group of all retail no-load New York tax-exempt money market funds, excluding outliers (the "Expense Universe"), the information for which was derived in part from fund financial statements available to Broadridge as of the date of its analysis. The Performance Group and Performance Universe comparisons were provided based on both "gross" (*i.e.*, without including fees and expenses) and "net" (*i.e.*, including fees and expenses) total returns. The Adviser previously had furnished the Board with a description of the methodology Broadridge used to select the Performance Group and Performance Universe and the Expense Group and Expense Universe.

Performance Comparisons. Representatives of the Adviser stated that the usefulness of performance comparisons may be affected by a number of factors, including different investment limitations and policies that may be applicable to the fund and comparison funds and the end date selected. The Board also considered the fund's performance in light of overall financial market conditions. The Board discussed with representatives of the Adviser the results of the comparisons and considered that the fund's gross total return performance was below the Performance Group and the Performance Universe medians for all periods, except the ten-year period when the fund's gross total return performance was at the Performance Universe median. The Board also considered that the fund's net total return performance was below the Performance Group and the Performance Universe medians for all periods. It was noted that there were only three other funds in the Performance Group. The Board considered the relative proximity of the fund's performance to the Performance Group and/or Performance Universe medians during certain periods under review.

Management Fee and Expense Ratio Comparisons. The Board reviewed and considered the contractual management fee rate payable by the fund to the Adviser in light of the nature, extent and quality of the management services provided by the Adviser. In addition, the Board reviewed and considered the actual management fee rate paid by the fund over the fund's last fiscal year, which included reductions for a fee waiver and expense limitation arrangement in place that reduced the management fee paid to the Adviser. The Board also reviewed the range of actual and contractual management fees and total expenses as a percentage of average net assets of the Expense Group and Expense Universe funds and discussed the results of the comparisons.

The Board considered that the fund's contractual management fee was equal to the Expense Group median contractual management fee, the fund's actual management fee was lower than the Expense Group median and lower than the Expense Universe median actual management fee, and the fund's total expenses were higher than the Expense Group median and higher than the Expense Universe median total expenses.

Representatives of the Adviser stated that, for the past fiscal year, the Adviser had waived receipt of a portion of its management fee and/or reimbursed certain fund expenses pursuant to voluntary undertakings by the Adviser in effect during the period. In addition, representatives of the Adviser stated that the Adviser has contractually agreed, until at least March 31, 2024, to waive receipt of its fees and/or assume the direct expenses of the fund's Service shares so that the direct expenses of the fund's

Service shares (excluding taxes, brokerage commissions and extraordinary expenses) do not exceed 1.00%. To the extent that it is necessary for the Adviser to waive receipt of its management fee or reimburse the fund's common expenses, the amount of the waiver or reimbursement will be applied equally to each share class of the fund. In addition, the Adviser has also contractually agreed, until March 31, 2024, to waive receipt of its fees and/or assume the direct expenses of the fund so that the direct expenses of the fund's Premier shares (excluding taxes, brokerage commissions and extraordinary expenses) do not exceed .35%.

Representatives of the Adviser noted that there were no other funds advised by the Adviser that are in the same Lipper category as the fund or separate accounts and/or other types of client portfolios advised by the Adviser that are considered to have similar investment strategies and policies as the fund.

Analysis of Profitability and Economies of Scale. Representatives of the Adviser reviewed the expenses allocated and profit received by the Adviser and its affiliates and the resulting profitability percentage for managing the fund and the aggregate profitability percentage to the Adviser and its affiliates for managing the funds in the BNY Mellon fund complex, and the method used to determine the expenses and profit. The Board concluded that the profitability results were not excessive, given the services rendered and service levels provided by the Adviser and its affiliates. The Board also considered the fee waiver and expense limitation arrangement and its effect on the profitability of the Adviser and its affiliates. The Board also had been provided with information prepared by an independent consulting firm regarding the Adviser's approach to allocating costs to, and determining the profitability of, individual funds and the entire BNY Mellon fund complex. The consulting firm also had analyzed where any economies of scale might emerge in connection with the management of a fund.

The Board considered, on the advice of its counsel, the profitability analysis (1) as part of its evaluation of whether the fees under the Agreement, considered in relation to the mix of services provided by the Adviser, including the nature, extent and quality of such services, supported the renewal of the Agreement and (2) in light of the relevant circumstances for the fund and the extent to which economies of scale would be realized if the fund grows and whether fee levels reflect these economies of scale for the benefit of fund shareholders. Representatives of the Adviser stated that a discussion of economies of scale is predicated on a fund having achieved a substantial size with increasing assets and that, if a fund's assets had been stable or decreasing, the possibility that the Adviser may have realized any economies of scale would be less. Representatives of the Adviser also stated that, as a result of shared and allocated costs among funds in the BNY Mellon fund complex, the extent of economies of scale could depend substantially on the level of assets in the complex as a whole, so that increases and decreases in complex-wide assets can affect potential economies of scale in a manner that is disproportionate to, or even in the opposite direction from, changes in the fund's asset level. The Board also considered potential benefits to the Adviser from acting as investment adviser and took into consideration that there were no soft dollar arrangements in effect for trading the fund's investments.

INFORMATION ABOUT THE RENEWAL OF THE FUND'S MANAGEMENT AGREEMENT (Unaudited) *(continued)*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreement. Based on the discussions and considerations as described above, the Board concluded and determined as follows.

- The Board concluded that the nature, extent and quality of the services provided by the Adviser are adequate and appropriate.
- The Board generally was satisfied with the fund's performance.
- The Board concluded that the fee paid to the Adviser continued to be appropriate under the circumstances and in light of the factors and the totality of the services provided as discussed above.
- The Board determined that the economies of scale which may accrue to the Adviser and its affiliates in connection with the management of the fund had been adequately considered by the Adviser in connection with the fee rate charged to the fund pursuant to the Agreement and that, to the extent in the future it were determined that material economies of scale had not been shared with the fund, the Board would seek to have those economies of scale shared with the fund.

In evaluating the Agreement, the Board considered these conclusions and determinations and also relied on its previous knowledge, gained through meetings and other interactions with the Adviser and its affiliates, of the Adviser and the services provided to the fund by the Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the fund and the investment management and other services provided under the Agreement, including information on the investment performance of the fund in comparison to similar mutual funds and benchmark performance measures; general market outlook as applicable to the fund; and compliance reports. In addition, the Board's consideration of the contractual fee arrangements for the fund had the benefit of a number of years of reviews of the Agreement for the fund, or substantially similar agreements for other BNY Mellon funds that the Board oversees, during which lengthy discussions took place between the Board and representatives of the Adviser. Certain aspects of the arrangements may receive greater scrutiny in some years than in others, and the Board's conclusions may be based, in part, on its consideration of the fund's arrangements, or substantially similar arrangements for other BNY Mellon funds that the Board oversees, in prior years. The Board determined to renew the Agreement.

BOARD MEMBERS INFORMATION (Unaudited)

Independent Board Members

Joseph S. DiMartino (80) Chairman of the Board (1995)

Principal Occupation During Past 5 Years:

- Director or Trustee of funds in the BNY Mellon Family of Funds and certain other entities (as described in the fund's Statement of Additional Information) (1995-Present)
