

U.S. Government Obligations 2023 Tax Information

Shareholders filing 2023 State Income Tax Returns are advised that a portion of the distributions shown in Box 1 (Ordinary Dividends) on your **2023 Form 1099-DIV** was derived from interest income on direct obligations of the United States and its possessions. Such amounts may be exempt from State Income Tax. **Since regulations vary from state to state as to this tax treatment, it is recommended that shareholders consult with their tax advisors with respect to the tax treatment of these dividends in those respective states.**

To calculate the amount of income exempt from State Income Tax (if applicable to your State) multiply your ordinary dividends by the percentage shown in the column "Percentage of Ordinary Dividends derived from U.S. Government Obligations."
